

DOCK AND DOOR MAINTENANCE AT YOUR SERVICE

When customers arrive at auto dealerships, service centers and oil change facilities, they get an up-close view of the doors. How they look and how they operate. Tap into proactive maintenance planning from MINER® for your doors and light-duty dock equipment to help make a good impression on customers, ensure safe operation for your teams and maximize vehicle flow for your operation.

More than **two-thirds** of consumers have avoided a business **because of its exterior.**¹

Downtime costs many facilities at least **5% of its productive capacity**, and many lose **up to 20%.**²

Unplanned **reactive repair costs are 3X higher** than planned proactive maintenance costs.

With MINER, you can:

Raise safety and security standards for your company and employees

Reduce downtime, repair expenditures, lost productivity and loss

Keep equipment looking and **operating like new**

Optimize your **budget and equipment lifespans**

AUTO DEALERSHIPS AND SERVICE CENTERS

SAFETY, SPEED AND AESTHETIC APPEAL

The repetitive use of doors at dealerships, service centers and oil change facilities can take a toll on their operation and appearance. Keep them at peak performance with MINER. Whether you need it from us, need it installed or need it maintained and repaired, MINER maximizes the products you rely on in your **auto dealership and service center**.

High-Speed Roll-Up Service Bay Doors ▶ Improve customer throughput + climate control

Full View Aluminum/Glass Doors ▶ Provide visibility and aesthetics

▶ **Air Curtains or Bug Barriers** ▶ Maintain comfort and keep debris out

Sectional Overhead Doors ▶ Durable and cost effective

Light-Duty Dock Equipment (Levelers/Plates) ▶ For parts deliveries and small freight

SafeACT

Proactive Maintenance Plans

Create an ideal environment for loading docks, doors and more where safety comes first, leaving the best impression on your teams and customers.

SafeACT is MINER's comprehensive process that helps keep every aspect of your facility operating at peak effectiveness and efficiency.

Step 1:

Complete Maintenance Checklist

- Mechanical, electrical and safety inspection
- Inspect weather seals, dock bumpers and control boxes
- Adjust springs, spring tensions and limits, door balances and loading dock lips
- Dock pit cleaning and lubrication on all equipment
- And more

Step 2:

Review Results and Recommend a Solution

Our facility experts evaluate the findings and outline a clear plan of action to address immediate repairs and safety concerns. Plus, schedule recurring proactive maintenance visits to maximize ROI, reduce downtime and extend equipment life.

Step 3:

Perform Service and Repairs

Our expert technicians arrive in fully stocked MINER trucks, equipped with the parts needed to resolve 80% of issues on the first visit. This ensures efficient, high-quality service every time, backed by a 1-year warranty on parts and labor.

Proactive maintenance that keeps you ahead. Choose SafeACT for:

Dock
Equipment

Industrial
Doors

High-Speed
Doors
