

MANUFACTURING A SAFER, MORE PRODUCTIVE FACILITY

As crucial points of delivery and within high-traffic areas of your facility, docks and doors require a high degree of safety and reliability to keep your operation moving swiftly and with less downtime. MINER® gives you both with proactive maintenance planning optimized for manufacturing facilities like automobile, aerospace and more.

25% of all facility accidents occur at the loading dock¹

600 For every loading dock injury, there are about 600 near misses¹

Downtime costs every factory at least **5%** of its **productive capacity**, and many lose **up to 20%**²

With MINER, you can:

Raise safety and security standards for your company and employees

Monitor your equipment to increase your facility uptime

Reduce unplanned maintenance by as much as 50%

Reduce repair expenditures, lost productivity and overtime costs

When you have teams of workers and machinery running on the line 24/7, you don't want faulty or unchecked docks and doors slowing or delaying operations and reducing revenue. Whether you need it from us, need it installed or need it maintained and repaired, MINER is focused on maximizing the products you use most in your **manufacturing facility**.

High-Speed Industrial Doors ▶ Improve productivity; withstand heavy use

Rigid/Impact-Resistant Doors ▶ Protect against forklift impacts and harsh environments

Dock Levelers ▶ Handle heavy loads and frequent cycles

Vehicle Restraints ▶ Improve safety

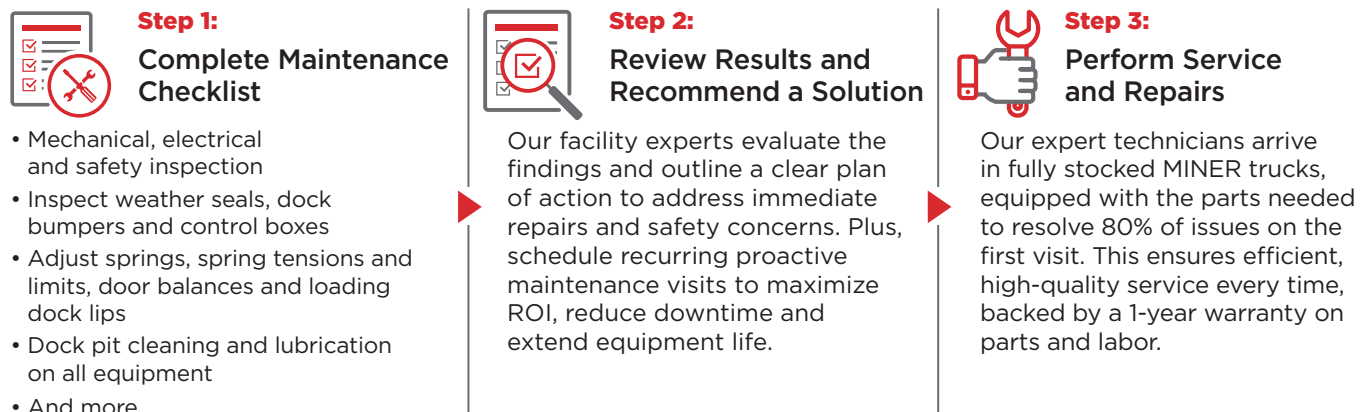

Interior Industrial Doors ▶ Support controlled environments

SafeACT

Proactive Maintenance Plans

Create an ideal environment for loading docks, doors and more where safety comes first, leaving the best impression on your teams and customers.

SafeACT is MINER's comprehensive process that helps keep every aspect of your facility operating at peak effectiveness and efficiency.

Proactive maintenance that keeps you ahead. Choose SafeACT for:

Dock Equipment

Industrial Doors

High-Speed Doors

Material Handling Equipment

Warehouse Safety Equipment
