

A PROACTIVE PACKAGE OF DOCK AND DOOR MAINTENANCE

The factors that affect your paper and packaging facility's uptime really stack up. Heavier and wider loads that require careful maneuverability. Frequent forklift traffic. Dust that can get into moving parts. Don't let uncertainty of your docks and doors get in the way of your operation. Let proactive maintenance planning from MINER® ensure their reliability, so you can focus on the large volume shipments that pass through them.

25% of all facility accidents occur at the loading dock.¹

600 For every loading dock injury, there are about 600 near misses.¹

Loading docks are the **primary bottleneck** in facility operations.

Downtime costs every factory at least **5%** of its **productive capacity**, and many lose **up to 20%.**²

With MINER, you can:

Raise safety and security standards for your company and employees

Monitor your equipment to increase your facility uptime

Reduce unplanned maintenance by as much as 50%

Reduce repair expenditures, lost productivity and product loss

We're here to keep your docks, doors and seals in optimum condition so they stand up to whatever your facility throws at them. And to keep your busy facility operating uninterrupted. Whether you need it from us, need it installed or need it maintained and repaired, MINER is focused on maximizing the equipment you rely on most in your **paper and packaging operation.**

Heavy-Duty Dock Levelers ▶ Support heavier pallets, roll stock and frequent trailer cycling

Topple/Barrier Protection ▶ Prevent roll-over and loadshift injuries

Vehicle Restraints & Stabilizers ▶ Stop trailer creep and collapse at docks

Fall Protection, Platform & Guardrails ▶ Provide safe elevated access and prevents falls around equipment

Air Filtration Systems ▶ Remove dust, fibers and chemical fumes to improve air quality and protect equipment

SafeACT

Proactive Maintenance Plans

Create an ideal environment for loading docks, doors and more where safety comes first, leaving the best impression on your teams and customers.

SafeACT is MINER's comprehensive process that helps keep every aspect of your facility operating at peak effectiveness and efficiency.

Step 1:

Complete Maintenance Checklist

- Mechanical, electrical and safety inspection
- Inspect weather seals, dock bumpers and control boxes
- Adjust springs, spring tensions and limits, door balances and loading dock lips
- Dock pit cleaning and lubrication on all equipment
- And more

Step 2:

Review Results and Recommend a Solution

Our facility experts evaluate the findings and outline a clear plan of action to address immediate repairs and safety concerns. Plus, schedule recurring proactive maintenance visits to maximize ROI, reduce downtime and extend equipment life.

Step 3:

Perform Service and Repairs

Our expert technicians arrive in fully stocked MINER trucks, equipped with the parts needed to resolve 80% of issues on the first visit. This ensures efficient, high-quality service every time, backed by a 1-year warranty on parts and labor.

Proactive maintenance that keeps you ahead. Choose SafeACT for:

Dock Equipment

Industrial Doors

High-Speed Doors

Material Handling Equipment

Warehouse Safety Equipment
