

KEEP THEM SAFE, MAINTAINED AND EFFICIENT

Docks and doors found in high-traffic areas require a high degree of safety and reliability. MINER® gives you both with proactive maintenance planning designed for warehouse and distribution centers.

25% of all warehouse accidents occur at the loading dock.¹

600 For every loading dock injury, there are about 600 near misses!¹

A **\$5,000 INVESTMENT** in equipment could prevent a potential **\$1 million insurance settlement** or a nearly **\$200,000 OSHA fine**.

With MINER, you can:

Monitor your equipment to **increase your facility uptime**

Reduce unplanned maintenance by as much as 50%

Reduce repair expenditures, lost productivity and overtime costs

Optimize your budget and equipment lifespans

WAREHOUSE AND DISTRIBUTION CENTERS

MAINTENANCE, SAFETY AND EFFICIENCY

With everything you store in **warehouses**, plus all the arrivals and shipments from your **distribution centers**, you may not have time to think about your docks and doors. Whether you need it from us, need it installed or need it maintained and repaired, MINER is focused on maximizing the products you use most.

Dock Levelers ▶ Bridge the gap between trailer and dock

Vehicle Restraints ▶ Prevent trailer creep

Dock Shelters/Seals ▶ Reduce energy loss

Sectional Overhead Doors/Industrial Dock Doors ▶ Handle constant traffic

Dock Control Systems ▶ Integrated for safe sequencing

SafeACT

Proactive Maintenance Plans

Create an ideal environment for loading docks, doors and more where safety comes first, leaving the best impression on your teams and customers.

SafeACT is MINER's comprehensive process that helps keep every aspect of your facility operating at peak effectiveness and efficiency.

Step 1:

Complete Maintenance Checklist

- Mechanical, electrical and safety inspection
- Inspect weather seals, dock bumpers and control boxes
- Adjust springs, spring tensions and limits, door balances and loading dock lips
- Dock pit cleaning and lubrication on all equipment
- And more

Step 2:

Review Results and Recommend a Solution

Our facility experts evaluate the findings and outline a clear plan of action to address immediate repairs and safety concerns. Plus, schedule recurring proactive maintenance visits to maximize ROI, reduce downtime and extend equipment life.

Step 3:

Perform Service and Repairs

Our expert technicians arrive in fully stocked MINER trucks, equipped with the parts needed to resolve 80% of issues on the first visit. This ensures efficient, high-quality service every time, backed by a 1-year warranty on parts and labor.

Proactive maintenance that keeps you ahead. Choose SafeACT for:

Dock
Equipment

Industrial
Doors

High-Speed
Doors
